Jo McGuire is a speaker, consultant and trainer with over 25 years of experience who inspires people and organizations through insight, information and integrity. She has addressed groups from the small to the large and international with the goal of igniting positive change. Jo delivers experience, expertise and thought-leadership in prevention education, drug and alcohol compliance, best practices and leadership development.

After serving as the El Paso County campaign manager for SMART Colorado, which opposed legalized marijuana, and her work on the Taxation, Banking and Civil Law work group for the Colorado Governor's Task Force to regulate Amendment 64, Jo has plenty of truths to share about legalized marijuana. Her passion to create awareness and instigate change stems from the truths she discovered, and ultimately owned, during her personal journey from shock and disbelief, to finally empowerment.

Jo McGuire is an accomplished motivator. She is personable, humorous, engaging and knowledgeable. I highly recommend her.
